

## AGENDA TECHNICAL COORDINATING COMMITTEE

---

1. Amend/Adopt Agenda  
Tim Fesperman, Chairman .....(ACTION NEEDED)

2. Approval of Minutes from May 2010  
Tim Fesperman, Chairman .....(ACTION NEEDED)

3. Congestion Mitigation Air Quality Program (CMAQ)  
Leslie Rhodes (Mecklenburg County).....(ACTION NEEDED)

*Background: Union County and Marshville qualify for about \$500,000 of CMAQ dollars over the next three years. There are several projects that need to be discussed for potential endorsement. There is a 20% percent match for projects. The TCC needs to review the projects and make a recommendation to the TAC.*

4. Socio-Economic Data for Stanly and Union Counties  
Dana Stoogenke, RPO.....(ACTION NEEDED)

*Background: Union and Stanly Counties Socio-Economic Data needs to be updated annually. This information is used to enhance the travel demand model. The TCC needs to review the data and make a recommendation to the TAC.*

5. Amend Public Participation Plan  
Dana Stoogenke, RPO.....(ACTION NEEDED)

*Background: The Public Participation Plan outlines how the RPO should interact with the public. This amendment would apply to the Comprehensive Transportation Plan (CTP) process. It would require a 30 day review for both the CTP maps and text. Currently, a 30 day review only applies for map review. Public review for the text portion of the CTP is left up to NCDOT. The RPO should make the change to ensure that jurisdiction staff has enough time to review the document and provide feedback to NCDOT. The TCC needs to review the data and make a recommendation to the TAC.*

6. NCDOT Updates
  - a. County Updates.....Division Staff
  - b. Transportation Planning Branch.....Reuben Crummy

7. Old Business
  - a. Equity Formula Update
  - b. Regional Transportation Study Update
